

Dad, You ROCK! Picture Frame

This beautiful handmade frame makes a perfect father's day gift!

MATERIALS:

- Tombow Dual Brush Pens
- Tombow MONO Multi Liquid Glue
- Wooden Picture Frame 8"x 8"
- River Rocks
- Matte Spray Sealer
- Sand
- American Paints by DecoArt- Khaki Tan and Zinc

INSTRUCTIONS:

1. Base coat entire picture frame with Zinc and Khaki Tan with random strokes, let dry.
2. Apply heavy coat of **Tombow MONO Multi Liquid Glue** to a section of the frame, then fit river rocks into place, let glue set. Repeat until front of frame is covered – front and all four outer sides.
3. Apply **Tombow MONO Multi Liquid Glue** to inside edges of frame, allow for glue to set, but do not place river rocks.
4. Spread out newspaper on work surface, place frame on top. Sprinkle sand in all of the cracks and crevices. Since the **Tombow MONO Multi Liquid Glue** dries tacky, the sand will stick and give your frame a finished look.
5. Finish with several light coats of matte spray sealer, which will show off the rocks true colors and secure the sand
6. Trim a piece of watercolor paper to fit in the picture part of the frame. Apply a line of **Tombow MONO Multi Liquid Glue** on the back of a gift card to your Dad's favorite home improvement store, allow glue to set, then place on watercolor paper. **Tombow MONO Multi Liquid Glue** is repositionable when dry, so it makes the perfect adhesive for attaching gift cards!
7. Around the edge of the paper, write "Dad, You Rock!" with **Tombow Dual Brush Pen in N15** (black) or your Dad's favorite color
